

HOKKAIDO
SUMMER
INSTITUTE

HOKKAIDO UNIVERSITY HOKKAIDO SUMMER INSTITUTE

June –
October

2020

*This summer, discover the world anew.
Study amongst the beauty of Hokkaido, Japan.*

Hokkaido Summer Institute offers over
150 courses taught by HU and prestigious
university faculty members worldwide.
Join our global community and
explore a diverse range of subjects to
discover the world anew!

HOKKAIDO
UNIVERSITY

Seemingly unrelated worlds will link to each other somehow. Join us and have new experiences along with international students at HSI this summer.

Hokkaido Summer Institute(HSI) is a program that brings together world-leading researchers with proven educational and research records, and provides educational courses in cooperation with the Hokkaido University (HU) faculty members. In 2020, more than 160 researchers from all over the world will gather at HU.

HSI also allows its participants to expand their knowledge of subjects in world-class research fields of HU which used to be open only to HU students. Program participants have an opportunity to attend classes by attractive educational techniques such as field training using Hokkaido's extensive land, and active learning to develop human resources capable of thriving on the world stage.

The medium of instruction at HSI is English. This provides international students with a stress-free learning environment without having to worry about language barriers, and also creates a special opportunity for Japanese students, who can participate in classes taught by internationally acclaimed researchers.

HU has high expectations that the HSI students cultivate a better understanding of other cultures and improve communication skills through exchanges with researchers and students from other countries. Off-campus events are also planned to let the participants enjoy Hokkaido's beautiful summer.

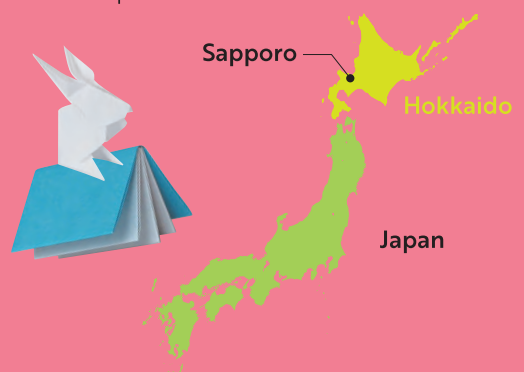

Hokkaido University

Founded in 1876, Hokkaido University is one of the oldest, largest, and most prestigious universities in Japan. The university has 12 undergraduate schools and 21 graduate schools, covering almost all area of the humanities and social and natural sciences. Furthermore, we are one of the leading institutions for research activities in Japan and worldwide. We offer a comprehensive educational experience, world-class research facilities, and all the attractions of living in the cosmopolitan city of Sapporo. Our campus is located in a breath-takingly beautiful setting. Green spaces are spread throughout the campus, offering warm and welcoming atmosphere.

Sapporo and Hokkaido

Sapporo is the 5th most populated city in Japan with a population of 1.9 million. Even though it is a big city, Sapporo is surrounded by a beautiful natural environment that makes one forget that you are in an urban setting. Sapporo strength is not only its beauty, but also its safety, delicious and fresh foods, and its comfortable climate. During the Hokkaido Summer Institute program, numerous cultural events will be held—such as the YOSAKOI Soran Dance Festival, the Annual Hokkaido Shrine Festival, and Pacific Music Festival—and we know that participants will make the most of their time with us at HU; and of course, they can enjoy stunning views of nature by traveling a short distance to our surrounding towns to get a complete Hokkaido experience.

Courses

Humanities

- Linguistics
- Philosophy
- Logic
- History
- Archaeology

Social Sciences

- Law
- Politics
- Economics
- Sociology
- Psychology
- Social Ecology
- Public Policy
- Regional Science

Sciences

- Physics
- Mathematics
- Life Science
- Biology
- Cellular Science
- Materials Chemistry
- Biological and Polymer Chemistry
- Molecular Chemistry
- Bioinformatics
- Nanoscience
- Nanotechnology
- Catalysis
- Marine Biology / Ecology
- Environmental Science
- Cosmoscience
- Pharmacology
- Neuroscience
- Brain Science

Engineering

- Mechanics
- Energy and Resource Engineering
- Materials Engineering
- Mechanical and Space Engineering
- Civil Engineering
- Environmental Engineering
- Information Science

Agriculture

- Agricultural Resource Economics
- Food Resources
- Plant Breeding

Health

- Medicine
- Health Science
- Medical Physics
- Biomedicine
- Dentistry
- Veterinary Medicine
- Physiology
- Epidemiology

Education

- Pedagogy
- Education for Sustainable Development

Art

- Science and Art

Interdisciplinary Studies

- Contemporary Studies
- Area & Border Studies
- Arctic & Antarctic Studies
- Sustainability Studies
- Tourism

and so on.

*Please regularly refer to the website for detailed and updated course information.

Program Outline

HSI 2020 will offer over 150 courses ranging from bachelor to Ph. D level during the summer (June – October) 2020.

Many of the courses are 1 week – 2 weeks in length. You can combine courses according to your major and interests.

Eligibility

- Degree-program students at universities [Currently enrolled students]
- High school graduates / University graduates [Non-students]

Credit

1 credit or 2 credits will be awarded upon completion of each course.

Fees

Tuition fee : **14,800 JPY** per credit

Notes :

- Tuition fee will be waived for students from HU's partner institutions under certain conditions.
- Application Fee (9,800 JPY) and Entrance Fee (28,200 JPY) will be charged to Non-student applicants.

Online Early Application Period

February 3 – 21, 2020

For other application periods and more details, visit our website.

<https://hokkaidosummerinstitute.oia.hokudai.ac.jp/>

Accommodation

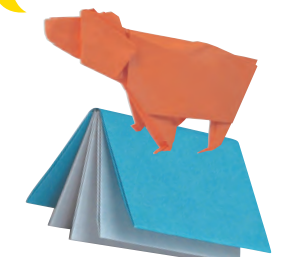

Overseas applicants can apply for HU student dormitory during the early application in February.

Participants'Voices (as received)

I love Hokkaido! Really enjoyed the time studying here. This program helps me to build relation with other students from different nationality, learn many things and experience good activities.

It's really nice experience during the HSI. I found a newer and bigger world! Thanks for the wonderful opportunity.

Great!!! It's my best summer! I really enjoyed my stay here, and I would recommend this HSI program to everyone!

Overseas Lecturers will join from:

Asia

- Cambodia** Institute of Technology of Cambodia
- China** Chinese Center for Disease Control and Prevention, City University of Hong Kong, Harbin Institute of Technology, Nanjing University, Peking University, Southern University of Science & Technology (SUSTech), Sun Yat-Sen University, The Chinese University of Hong Kong, Xinxiang Medical University, Zhejiang University
- India** Indian Institute of Technology Hyderabad
- Indonesia** Gadjah Mada University
- Korea** Seoul National University, Seoul Women's University, Yonsei University
- Malaysia** University of Malaya
- Singapore** National University of Singapore
- Taiwan** Cheng Shiu University, National Central University, National Chiao Tung University, National Taiwan Normal University, National Taiwan University, National Tsing Hua University
- Thailand** Chiang Mai University, Chulalongkorn University
- Vietnam** National Institute of Occupational and Environmental Health (NIOEH)

Oceania

- Australia** Charles Darwin University, The University of Melbourne, The University of Queensland, The University of Western Australia, University of Technology Sydney, Western Sydney University
- New Zealand** Cawthron Institute, Landcare Research (Wildlife Ecology & Management), The University of Auckland, Victoria University of Wellington

Europe

- Finland** University of Lapland
- France** Grenoble Alpes University, Universite Catholique de Lille, Universite Paris-Sud
- Germany** Bremen University
- Ireland** Dublin Institute of Technology
- Italy** Ca' Foscari University of Venice
- Luxembourg** University of Luxembourg
- Netherlands** Radboud University Nijmegen, University of Amsterdam
- Norway** University of Tromsø, University of Bergen
- Poland** Poznan University of Technology, University of Gdansk, West Pomeranian University of Technology
- Portugal** University of Algarve
- Russia** Far Eastern Federal University, Irkutsk State University, Kazan Federal University, Moscow State University, Pacific National University, Sakhalin State University
- Serbia** Institute of Physics Belgrade
- Sweden** Karolinska Institute, KTH Royal Institute of Technology, Lund University, Stockholm School of Economics, Stockholm University
- Switzerland** Swiss Federal Institute of Technology, University of Bern
- UK** Oxford University, Swansea University, University of Edinburgh, University of Gloucestershire, University of Liverpool, University of Portsmouth, University of Reading, University of Sheffield, University of Southampton, Institution of Youth Work

North America

- Canada** Simon Fraser University, University of Alberta, University of British Columbia, University of Manitoba, University of Montreal, University of Calgary, University of Toronto
- USA** Michigan State University, Ohio University, Stanford University, University of Alaska Fairbanks, University of California, Berkeley, University of Maryland, University of Massachusetts, University of Michigan, University of Wisconsin-Green Bay, Virginia Tech

Central and South America

- Brazil** Federal University of Bahia
- Colombia** University of Antioquia

International Organization

International Labour Organization (ILO),
World Health Organization (WHO)

And other institutions (as of November 2019)
